With Valentine's Day just around the corner, we thought your clients might enjoy receiving these special cards (sample attached) to collect for themselves and to give to their friends. For a limited time, the Oregon ContraceptiveCare (CCare) Program is pleased to offer print copies of the attached cards for a fun way to promote CCare services in your clinics and organizations. Each sheet contains four different 3" x 5" cards with space on the back of each card for including a custom message and/or local information. The cards are perforated for easy separation. And the price is right - free to you.

However, don't just limit their use to February. We think they could be used year round: to promote CCare at community events (including Public Health Week); to include with your teen pregnancy prevention or STI/HIV prevention activities (alongside condom distribution and/or educational safer sex kits); or simply to let your clients know you appreciate them.

These and similar designs on our CCare Facebook (FB) site have been popular. To place your order, simply call Judy Andreasen at [\(971\) 673-0355](tel:9716730355) or email your order to her at judith.andreasen@state.or.us<<mailto:judith.andreasen@state.or.us>>. Since this is a limited offer, the cards are not available in Spanish at this time.

Thank you,

Lesli
